## EXPOSITION WELL WORTH THE PRICE

### Big Panama Celebration Will Be Greatest Advertisement California Has Ever Had

The Fresno Herald presents a logical and forceful argument in favor of the State exposition tax. It says:

"The question before the house is: 'Does California want the Panama-Pacific celebration?' San Francisco's interest is only incidental; it is a case of California against the south. Louisiana and Texas as well, are helping New Orleans, which is right and proper. Will California help San Francisco?

"The only question we need to consider now is, If it be worth $12,500,000 to San Francisco alone to have the exposition, is it worth $5,000,000 to the State as a whole (including San Francisco) to have the show in that city?

"The Herald answers, 'Yes,' most emphatically. The coming of 300,000 strangers to the state in 1915 means the expenditure of probably $30,000,000 here. And their coming will mean the greatest advertisement the state has ever had. No exposition in San Francisco can mean a city exposition alone. The greatest part of the show will be California; its wonderful opportunities, its Yosemite, its Tahoe, Shasta, Big Trees, Sequoia Park, its watering places, its vineyards, orange groves, forests, streams and mountains. The average visitor will spend one week in San Francisco and three weeks elsewhere—or perhaps a month.

"It is inconceivable that California with its great enterprise and its need for development should advertise to the world that it will not chance $5,000,000 to help make the greatest of expositions, when its leading city alone furnishes $12,500,000. California is not that kind of a State. Its name has been synonimous with liberality and progressiveness. It is the greatest playground on earth; it is greatest in resources of American states.

"The fair will have a great educational value. It will give the people of modest means, and especially the young folks, opportunity to see a great exposition at trivial expense. When if it were in Washington or New Orleans the majority could not possibly spare the money and time necessarily.

"So it is an important vote you cast in November on this question of bonds. Vote yes and urge your friends to do so. School teachers and school children should make this cause their own and work for it. For we must have the Panama-Pacific Exposition in California."

### WILL BE A GOOD INVESTMENT

"It is not likely that the state will vote against the San Francisco Panama bond issue," says the Ventura Free Press. "The amount asked is small one, comparatively and the tax for the repayment will be so light as scarcely to be felt. There is some opposition of course, as there always is to everything. But the people who are saying that it is the same as borrowing money to go to the circus are not looking very far into the future. There is contemplated an expenditure for the holding of an exposition in California to celebrate the greatest event the world has ever known—the joining of the two great oceans of the world. The people will come to such an exposition by the tens of thousands from all quarters of the globe. California will get them all and not San Francisco alone. The inflow of people will be the result of the judicious expenditure of a certain sum of money for advertising. That is all there is to it. It is an age of advertising and it is a stupendous advertisement for California. There should be no hesitation about spending the money for the right kind of advertising in these days and this is the right kind of advertising."

### WHEELER BOOSTS FAIR

President Benjamin Ide Wheeler of the University of California is unqualifiedly in favor of holding the Panama exposition in San Francisco. Speaking of the project at a meeting of the University faculty President Wheeler said: "This is no sordid scheme for financial gain, but a making of history for the west. It means that the history that started in the east has made its way around the world, and it is right that the spirit of California should prevail in this opportunity to bring the exposition here."

### NO PLACE FOR SMALL MINDS

Pity the Californian who hasn't a heart and a mind as big as this great commonwealth and who does not want to see San Francisco have that mammoth exposition in 1915. It is a shriveled soul and a puny mind that keeps pent up in one section of a state to the exclusion of other sections. This great, big, imperial west should not harbor any of that spirit.—Pasadena Star.

The State Grange urges farmers to vote for Senate Amendment No. 52 and Assembly Amendment No. 33 on the ground that the proposed Panama exposition will aid in the development of the resources of California.

The Panama-Pacific Exposition should bring 1,000,000 visitors to California in 1915. The Lewis and Clark exposition at Portland brought 122,466 and the Alaska-Yukon exposition at Seattle, 166,930 visitors from the east, and both of these successful expositions were comparatively small, by no means of an international character. They brought wonderfully increased prosperity to Oregon and Washington. Vote for Senate Constitutional Amendment No. 52 and Assembly Constitutional Amendment No. 33 and insure the Panama exposition for California.

The Panama exposition will center the eyes of the whole world upon California for the next five years—a splendid advertisement that will bring millions of capital and thousands of home seekers to the state, not to mention the millions that will be spent by the hundreds of thousands of visitors to the fair. All this will cost you fifty cents on a $1,000 a year for four years. Vote for Senate Constitutional Amendment No. 52 and Assembly Constitutional Amendment No. 33.

California will benefit immensely from the advertising it will receive through the Panama exposition. This advertising has already begun and will continue until after the fair, a period of more than five years. It will bring millions of dollars to the State and give great impetus to the development of its vast resources. Vote for Senate Amendment No. 52 and Assembly Amendment No. 33 and insure the exposition for San Francisco and for California.

The proposed state tax to raise $5,000,000 for the Panama exposition will cost the taxpayers fifty cents a year for four years on every $1000 of assessed valuation of their property. The Exposition will repay them many times that amount in increased prosperity and added value to their holdings. Vote for Senate Amendment No. 52 and Assembly Amendment No. 33.

A tax of fifty cents on $1000 a year for four years will bring to California thousands of homeseekers and many millions of capital looking for investment. If you think the expenditure is warranted in view of the certain results, vote for Senate Constitutional Amendment No. 52 and Assembly Amendment No. 33, thus insuring the Panama exposition, for San Francisco in 1915.

Senate Amendment No. 52 provides for a small state tax (less than five cents on the $100) for four years. This will raise $5,000,000 and the expenditure will be exclusively under the control of a board to be appointed by the next Governor from different sections of the State. The state will share in all profits that may accrue.

Five million dollars expended by the state in aid of the Panama-Pacific exposition will bring $50,000,000 new capital into the state. No better investment was ever offered the voters of California. Vote for Senate Constitutional Amendment No. 52 and Assembly Constitutional Amendment No. 33.

Louisiana is asked by New Orleans to supply ninety per cent of the fund for the proposed Panama exposition in that city. California, with five times the wealth of Louisiana, is asked to contribute about twenty-five per cent of the cost of the Panama-Pacific exposition. What is the answer?

The taxpayers of Louisiana are asked to contribute $6,000,000 to the New Orleans exposition fund. California, with five times the wealth, is asked to contribute $5,000,000 to the San Francisco fund. Do you want the fair to go to New Orleans or do you want it to come to the coast?

Assembly Amendment No. 33 provides that San Francisco may amend its charter so it can bond itself for $5,000,000 to aid the exposition. This, with the $7,500,000 already raised by the citizens of San Francisco make that city's investment $12,500,000.
Vote for both amendments.

### A QUEER UNIVERSITY.

Cairo Has the World's Oldest Educational Institution.

"When we think of Harvard or Yale, the former dating from 1638 and the latter from 1701, we think of them as old universities," says a writer in the American Educational Review; "but when we pass to the other side of the world we discover that even the oldest American universities are in reality very young institutions.

"The oldest educational institution in the world is the University of El Ashar, Cairo, founded in the year 988 by the great Saladin. It is the central seat of learning for the whole Mohammedan world, as well as a fountain of spiritual life. It occupies an ancient mosque in the Arab quarter of Cairo, surrounded by a confusing maze of narrow streets where the population is made up of representatives of every race that follows the prophet.

"The old mosque covers several acres and consists of a series of courts surrounded by long cloisters with low roofs supported by forests of columns. The floors of red tiles are covered daily by a multitude of men and boys, squatting in semicircles around their teachers, who sit with their backs to the columns lecturing in monotones.

"The chancellor of the university is always a descendant of the prophet and is usually a man of ability and learning. He occupies apartments in El Ashar and is not only the supreme educational but the ecclesiastical head of the church of Egypt.

"There is no organization similar to that in modern universities. Any reputable man who desires to teach can obtain the privilege by application and is assigned a column where he may sit and impart the truth as he thinks proper. His fame or ability will attract more or less students and disciples, who pay him fees according to their means."

### THE SCOLD'S BRIDLE.

Brutal Punishment to Which Women Were Once Subjected.

The brank, or scold's bridle, or gossip's bridle, was neither more nor less than a muzzle. It was in general use in Great Britain from the sixteenth to the eighteenth century, and in Scotland as well women were muzzled for certain offenses, some at least of them more imaginary than real. The instrument of torture, even a dog's leather muzzle, is uncomfortable. How much more the scold's muzzle! It consisted, according to a high authority, Mr. W. Jewitt, of a kind of crown or framework of iron, which was locked upon the head, and it was armed in front with a gag, a plate or a sharp cutting knife or point, which was placed in the poor woman's mouth so as to prevent her moving her tongue, or it was so placed that if she did move it or attempt to speak it was cut in a most frightful manner. With this cage upon her head and with the gag firmly pressed and locked against her tongue the miserable creature, whose sole offending perhaps was that she raised her voice in defense of her social rights against a brutal and besotted husband or had spoken honest truth of some one high in office in her town, was paraded through the streets, led by a chain by the hand of a bellman, the beadle or the constable or chained to the pillory, the whipping post or market cross, to be subjected to every conceivable insult and degradation, without even the power left her of asking for mercy or of promising amendment for the future, and when the punishment was over she was turned out from the town hall or the place where the brutal punishment had been inflicted, maimed, disfigured, bleeding, faint and degraded, to be the subject of comment and jeering among her neighbors.—London Family Herald.

Colors of the Stars.

Although there is no relation apparent betwen the two phenomena, yet it is interesting to recall the fact that among the stars certain colors appear to characterize different stages of change, or evolution. Red stars, according to the testimony of the spectroscope, differ widely in their constitution from white or yellow ones, and it has been thought that varying colors may give a clew to progressive changes in the heavenly bodies. Sirius, for instance, is said to have changed from red to white, and some have suspected that Arcturus is fading from red toward yellow.

A Fairly Good Appetite.

Kaffirs, North American Indians and the fat boy in "Pickwick" may well be quoted as fearful examples of voracity, but even their grastronomic feats are exceeded by the full grown Eskimo, who will daily eat twenty pounds of flesh and oil if he has the chance, while on the authority of Admiral Saritcheff a Yakut of Siberia has been known to consume in twenty-four hours "the hind quarter of a large ox, twenty pounds of fat and a quantity of melted butter for his drink."

To Be Avoided.

"There's Wilson! Let us turn back. I've no desire to meet that fellow again! Last week I asked him to lend me five pounds."

"Well, he certainly might have done so; he has plenty of money."

"Yes, I know—and—he did lend me the fiver!"—London Mail.

A Strategist.

"That fellow is a greater strategist than Napoleon ever was."

"As to how?"

"He got a two dollar raise of salary a year ago and hasn't told his wife about it yet."—Pittsburg Post.

## DISTRICT ATTORNEY LEA AND A DEFAULTING BANK CASHIER

At the eleventh hour of the closing of the campaign a dastardly report has been circulated in this city, and mayhap elsewhere in this county, that District Attorney Lea, one of the most honest and conscientious District Attorney's Sonoma county has ever had, promised immunity to Ed. Rowland the defaulting bank cashier of Healdsburg, who is now doing penance for his crime in the penitentiary owing to the fearlessness of a District Attorney who in the discharge of his duties has never yet played a favorite, as all culprits look alike to him, whether rich or poor, banker or laboring man. It is true that the rich father of the accused defaulting cashier and a number of personal friends made good the shortage in the hopes of saving Rowland from being punished for his crime, but without avail. An honest and concientious District Attorney had to be reckoned with in the case and the officials of the bank, who had no doubt promised immunity from prosecution, in so far as they were concerned, could not make good owing to the opposition of District Attorney Lea, who brought Rowland before the bar of justice, convicted him and sent him to the penitentiary to answer for his crime against society.

We reiterate, District Attorney Lea never made any promise of immunity to Rowland, or made any suggestion whatever that he should pay back any of the $116,000 he embezzled from the bank. The fact of the matter is the Bank Commissioner discovered in the afternoon previous to Rowland's arrest that the funds of the bank were short. The bank directors upon becoming cognizant of the fact remained up nearly all that night adjusting the affairs of the institution, and the restitution made by Rowland had been agreed upon by the bank officials before District Attorney Lea learned that there was any trouble whatever, and he had no consultation about Rowland with any person. This is the whole truth about the matter and nothing else but the truth.

The Index-Tribune would be remiss in its duty to its readers in allowing this base campaign canard to pass by unanswered, because it reflects upon a District Attorney who has conducted his office the past four years in a manner that has won him praise from law abiding citizens everywhere throughout the county.

In last week's issue the word "waltz" was inadvertently used instead of "works" in our editorial article on "California's Artists."

### A Card to Voters.

Albuquerque, N. M., Oct. 22, 1910.

To the voters of Sonoma and vicinity:

In that it was impossible for me to make the campaign in person I take this means of again calling your attention to my candidacy for the office of County Surveyor.

I am a little unfortunate in having my health broken down just at this time, as I looked forward with a great deal of interest and pleasure to making the campaign, meeting all of my old friends and making new ones. Realizing my future health was at stake, I acted upon my physician's advice and came to Albuquerque, New Mexico, to Dr. A. G. Shortle's sanitarium. In the six week's I have been here I have gained twelve pounds in weight and am feeling better than I have felt for many months and am improving every day, and I have the assurance of Dr. A. G. Shortle, a very able and efficient physician, that it is simply a matter of a few weeks before I will be restored to my former robust health, and I hope that my absence will not be sufficient cause for you to lose interest or confidence in my election. In spirit and heart I am there. My home is there, all my interests and friends are there. My aim and ambition is there. All my future plans are there, based upon my election for the second term.

While I realize it is your privilege, and your duty, to vote for the man you think should hold the office, yet I hope I will be able to interest you in my behalf, for I want to be re-elected.

This campaign is for my second term and I hope you will feel that I am entitled to the office, not simply becase it is my second term but because my conduct, and conducting the affairs of the office has met with your approval, and has been, and is worthy of your support, and that it will be a pleasure for you to support me on Nov. the 8th.

For the past four years I have filled the office to the best of my ability and if you see fit to elect me to a second term, I'll do the best I can for another four years. It is upon this that I ask you for your support.

Thanking you for your kind consideration, I remain,

Yours very truly,
Geo. H. Winkler
County Surveyor of Sonoma Co.

Election next Tuesday. Vote.

### Some More Political Dope

Voters, remember G. E. Murdock for County Treasurer.

Theodore Bell will address the people of Sonoma in Union Hall next Monday afternoon at quarter to four o'clock.

Voters, do not forget to stamp your cross in favor of Senate Constitutional amendment No. 52 and Assembly Constitutional amendment No. 33. These amendments if they carry will give San Francisco the Panama-Pacific Exposition, which will prove a great boon for Sonoma Valley as well as the entire Pacific coast.

Miss Florence Barnes, the Democratic nominee for Superintendent of Schools, is one of the foremost lady teachers of Sonoma county, and is in every way qualified for the position. Miss Barnes is a graduate of the University of California and is the principal of the Healdsburg High School. She is a very bright young woman and believes in elevating our public schools to the highest point of efficiency. As a friend and supporter of Mr. Montgomery, whom we honestly believe is entitled to another term, we can see no objection to the lady except she is running against a man who has made a splendid record. However, as the office is not a political one Miss Barnes may count on the Index-Tribune's support four years hence.

### Interesting Lecture

Under the auspices of the Men's League the eloquent pastor of the First Christian Church of Berkeley, Mr. H. I. Loken, will favor us with an address. His subject will be "Wealth and the Commonwealth of the Pacific."

Pastor Loken's exceedingly interesting and eloquent baccalaureate sermon, delivered at the close of the Sonoma Valley High School last summer, is still fresh in the minds of those who had the pleasure of hearing him, and they will appreciate the opportunity here offered of again hearing this gifted and exceedingly interesting lecturer.

The seating capacity of the local churches being limited the Union Hall has been rented for the occasion. The lecture will be delivered Friday, Nov. 18th., at 8 p. m. and is free.

Vote for G. E. Murdock for County Treasurer.

### HON. H. W. A. WESKE FOR THE ASSEMBLY

**Honest, Clean and Capable, He Should Receive His Full Party Vote.**

One of the most important offices to be filled at the election Tuesday is that of Assemblyman for this district. The Republicans at the August primaries very decisively pronounced in favor of Hon. H. W. A. Weske of Santa Rosa as their nominee for the office, and there is no earthly reason why he should not receive the hearty support of every Republican in the Fourteenth Assembly District.

Mr. Weske is a lawyer by profession and a very bright and able young man. He has already had considerable legislative experience, having served one term in the Assembly four years ago, and his record was all that our people could ask or expect from any public servant, campaign lies to the contrary notwithstanding.

At the present time Mr. Weske is Secretary of the board of directors of the Sonoma State Home at Eldridge, having been appointed by Governor Gillett two years ago. He is a true blue Republican, but at the same time a man of the people and for the people, and as a United States Senator is to be chosen at the session of the Legislature this winter Mr. Weske can be depended upon to vote for a man in full accord with the principles of the Republican party. The people, and especially Republicans, will make no mistake in sending him to the legislature.

**$100 REWARD $100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a costitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

## ROUSING RECEPTION GIVEN REPUBLICANS

**The Legislative and County Nominees Well Received by the Sonoma People**

The coming of the Legislative and County Republican nominees Saturday was heralded by our citizens, who turned out en masse, with red fire, exploding bombs and martial music.

At an early hour Union Hall, which had been beautifully decorated by County Commiteeman Frank Koenig, was filled almost to overflowing, many ladies were present but they were outnumbered two to one by voters, something very unusual in this place.

The meeting was called to order by County Committeeman Koenig, who introduced the presiding officer of the evening, Ranald McDonell.

Chairman McDonell upon taking the gavel in hand delivered a neat speech of welcome to the candidates and their fellow citizens. In the course of his remarks he paid a high tribute to Hiram Johnson, the Republican candidate for Governor and also to the Legislative and County nominees. Mr. McDonell then introduced Wm. H. Early, nominee for District Attorney, who made a speech befitting one of the rising young members of the Sonoma County Bar. Mr. Early besides being a pleasing speaker is also a hustler after votes He evidently believes in the old adage that "an 'Early' bird catches the most worms."

The aspirant for the District Attorneyship, was followed by Mr. T. McNamara, an attache of County Surveyor Winkler's office, who explained that owing to the illness of his chief he was present to represent him. His genial countenance and pleasing manner of speech won for Mr. Winkler a big majority in this precinct.

Frank L. Blackburn, nominee for Coroner and Public Administrator, followed in a brief address, but was not received with that old cordiality accorded him in previous campaigns, owing to the fact that the Democratic nominee, Dr. Jackson Temple, has invaded his banner precinct, and not without effect.

H. W. A. Weske, nominee for the Assembly, was warmly welcomed by his many friends present and at the conclusion of his speech it was plainly seen that he was as popular as ever.

Frank M. Collins, candidate for Tax Collector, was very brief in his remarks. He is well-known to the voters throughout Southern Sonoma and as he is sure of a big vote here all that was necessary for him to do was to make his bow and look pleasant. He has made a good Tax Collector and surely ought to be entitled to another term.

He was followed by W. W. Felt, Jr., nominee for County Clerk; C. D. Clawson, candidate for County Assessor; DeWitt Montgomery, for School Superintendent; Fred C. Steiner, for Auditor; Fred Nagle, for Recorder; J. K. Smith for Sheriff; and Glen E. Murdock, nominee for County Treasurer. The latter made one of the neatest little speeches of the evening and came in for more than his share of applause.

Senator Walter F. Price also made his bow to his old Sonoma friends and during his speech was frequently interrupted with applause. He paid a glowing tribute to Hiram Johnson and did more to close the breech between the two Republican factions in this city than any one of the previous speakers that have appeared upon the platform here. The Senator is one of the sure winners and he knows it. That is why he was at his very best Saturday night.

The Senator was followed by Hon. W. H. Donahue, District Attorney of Alameda County, who delivered a brilliant address on behalf of Hiram Johnson and the State ticket in general.

At the conclusion of his speech the meeting adjourned with three cheers for the Republican ticket.

### Hallowe'en Mischief Makers

**Hallowe'en Mischief Makers**

Monday night, being Hallowe'en, the mischief-makers among the younger set of both sexes got in their provoking work and played all kinds of mischievous pranks under the cover of darkness in the business and residence sections of town. Signs and gates were unhinged and scattered promiscuously about the streets and many other silly things indulged in much to the discomfort, if not damage, to our townspeople. This sort of thing is often carried too far and a stop should be put to the practice. A joke is a joke all right, but for downright cussedness these midnight marauding Hallowe'en nuisances are the limit and should be sat down upon.

## AGUA CALIENTE OIL DISCOVERY

**A Company Incorporates to Develop the Find and Place the Product on the Market**

While boring an artesian well at Agua Caliente Springs a few weeks ago the well-borers were surprised to strike traces of oil at a depth of something over a hundred feet Upon going down several hundred feet more all doubt of the existence of oil in our valley was removed, as tests by experts say that oil exists in the Agua Caliente well and the only question is as to quality and quantity.

With a view to exploiting the find Theodor Richards, owner of Agua Caliente Springs, together with a number of his friends have incorporated the Agua Caliente Springs Company.

The incorporators are Theodor Richards, Katie Richards, Amelia E. Richards, J. H. Corcoran, Anna E. Early, E. C. Merritt and R. F. Crawford. Each of the above have subscribed for $1000 worth of stock, the value of which has been placed at 10 cents a share.

The incorporators in their articles filed in the County Clerk's office announce the objects of the company to be the production of oil and its products, conduct refineries, develop water lands and water rights.

### Hay Market This Week.

Somers & Co. of San Francisco in their weekly report ending the 1st inst., say:

"Hay arrivals still continue very heavy, a total of 4,870 tons arriving during the week ending today. The market is weak and sluggish, hay moving off only with difficulty and it is quite remarkable that prices are maintained as well as they are with the bulk of hay coming in during this time of year. The only kind of hay that is at all sought for is the very fancy wheat hay in light bales, tame oat hay and the very low-priced stable and stock hay. Nearly all hay that is now being offered is the medium grades and moderate-priced quality. Shipping trade is fairly good and it is only by reason of this outlet that we do not see materially lower prices.

"The situation in the country is not as weak as it is here; farmers are not especially desirous of selling at the present market prices, preferring to hold their stocks in anticipation of some better movement later on. Many are predicting a dry year, which in our opinion is the only force which will put up prices. This of course is taking a chance and the saner, business-like man will not figure on it."

### Accident at Del Monte Villa.

Mons. Julien Azpiazu of San Francisco, a guest at Del Monte Villa in the southwestern suburbs of town, met with a bad accident last Tuesday. While out walking Azpiazu accidentally stumbled and fell into a small ditch in such a manner as to fracture both bones of the right leg below the knee. The injured man was taken to Dr. Leix's sanitarium, where the broken bones were set. At latest accounts the injured man was resting easy but will be confined to the sanitarium for some time.

### Bon-Bon Ball at the Mervyn

Posters are out announcing a grand bon-bon ball in Mervyn Hall, Glen Ellen, on Saturday evening, November 12th. The affair promises to bring out all the party-going people in the upper portion of the valley and not a few from this place and vicinity.

Vote for G. E. Murdock.

## CITY TRUSTEES IN NOVEMBER SESSION

**City Clerk, Recorder and Marshal File Reports---Bills Passed and Other Matters**

The Board of City Trustees met in regular monthly session last Wednesday evening, a full Board being present, with Mayor Cummings in the chair.

Clerk Gottenberg, having read the minutes of the previons meeting, which were approved, the following bills were allowed and ordered paid:

| | |
|---|---|
| Sonoma Valley Co. | $46.80 |
| L. Breiteubach | 3.00 |
| Wm. Trudgen | 95.00 |
| H. Castagnasso | 43.00 |
| H. Pooler | 2.50 |
| S. Popper | 2.65 |
| Sonoma City Water Works Co | 15.00 |
| J. H. Albertson | 15.00 |
| R. Quartaroli | 29.00 |
| H. A. Poppe | 25.00 |
| Sonoma Valley Co | 48.10 |
| F. Duhring | 15.55 |
| H. A. Scott | 45.00 |
| Total | $385.90 |

The reports of City Clerk Gottenberg, Marshal Albertson and Recorder Campbell were read and on motion were placed on file.

A petition from a number of property-owners on Fifth street West praying that that thoroughfare be repaired before the winter rains set in was received. On motion of Trustee Wagnon, which received a second from Trustee McDonell, the street committee was authorized to expend a sum not exceeding $20 in fixing the street complained of.

The contract for street lighting with the Sonoma Valley Co. was renewed for another month.

On motion of Trustee Dal Poggetto, seconded by Taustee Wagnon, the Clerk of the Board was instructed to notify L. L. Lewis, President of the Yulupa Land and Water Co., to qualify in a bond of $500 as a guarantee to put the streets in good condition after excavating for his water pipe, before he be granted permission to use more streets. Also, to caution him to be more careful with his lanterns in order to guard against accident after nightfall.

The Fire and Water Committee was instructed to inquire into the matter of more fire hydrants—the price, kind, etc.

The sum of $152.82, 2 per cent of the gross receipts of the Sonoma Valley Company the past twenty months, was turned over to the city in compliance with the conditions imposed upon the company when it secured its franchise to operate its plant in this city.

On motion of Trustee Quartaroli, seconded by Trustee DalPoggetto, Mayor M. E. Cummings was elected a delegate to the California Municipal League Convention which will shortly convene in San Diego.

The Trustees then adjourned.

### Reasons Why a Man Should be County Supt. of Schools

1. We want a man because Mr. Montgomery is the man who is a candidate for the office, and he has proven himself capable and satisfactory during his first and only term.

2. We want a man for the same reason that nearly all the large counties of our state have chosen a man for that office, i. e. the superintendent must devote nearly all his time to supervising work, and men have been more successful in general supervising of school work than women.

3. We want a man because a well rounded education requires instruction from men as well as women. Practically all the country school teachers are women. If the superintendent is a woman also the country children will never come under the influence of a school man.

4. We want a man because the school trustees are men and they prefer to counsel about school matters with a man rather than a woman.

5. We want a man because the teachers, women as well as men, prefer to teach under the supervision of a man rather than a woman.

6. We want a man because Mr. Montgomery has had experience in high school work as well as in grammar and primary work. His opponent has not.

7. We want a man because Mr. Montgomery has had many years of supervising experience. His opponent has had none.

8. We want a man because already too many men have left the teaching profession. If we fill the supervising positions with women, we will soon have no men teachers left, and our education, being feminine throughout, will be one sided.

9. We want a man because we have a man in the office now and we are well pleased with him.

A TEACHER.

### SHERIFF JACK SMITH

**He Has Made a Splendid Peace Officer and is Surely Entitled to Another Term.**

As the political campaign progresses it is evident all over the county that Sheriff J. K. Smith, who has been unanimously nominated by the Republicans for another term, is winniug strength every day and he will be re-elected without a doubt.

During his four-years' incumbency Sheriff Smith has made a splendid record and has never been known to shirk the responsibilities of the office no matter where duty called him. Regardless of politics Sheriff Smith, always with an eye to the efficiency of the Sheriff's office of Sonoma county, has appointed in the various townships of the county some of the best peace officers to be found anywhere to assist him in his duties of enforcing the law. Notably among these is our own Deputy Sheriff Joe Ryan, who aside from being a splendid peace officer, is a Democrat.

This proves that Jack Smith is conducting his office in the interest of the whole people. In this manner has he endeavored to serve our law-abiding citizens. The result has been that the Sheriff's office of Sonoma county has become famous abroad as a terror to thieves, crooks and law-breakers in general. Now, if our citizens wish it to continue so they will make doubly sure by re-electing for another term the man who has made the Sheriff's office of this county what it is today.

### Edward H. Brown for County Clerk.

From all sections of the county reports are coming in which indicate that Edward H. Brown will be elected County Clerk on November 8 by a splendid majority. Mr. Brown has made a very active campaign and he has impressed everyone as being a man who is in every way qualified for the important position of County Clerk. He is a broad-minded, level-headed man and possesses more than ordinary executive and clerical ability. In the matter of attention to details he has few equals, and his happy faculty of dealing with the public in things big and small is a heritage that is given to few men. Many a voter of opposite faith will stamp a cross opposite Edward H. Brown's name on November 8, for here where Mr. Brown is so well-known his ability and especial fitness for the office are very generally recognized.—SEBASTAPOL TIMES

## STRONG ARGUMENT FOR EXPOSITION

### Visitors and Homeseekers Coming to California

"One of the strongest arguments in behalf of the Panama Exposition in 1915 is being presented every day right here in Los Angeles," says the Examiner of that city.

"Taking advantage of the colonist rate offered by the transcontinental railways, hundreds upon hundreds of people are flocking to the Coast, many to stay for good, but also a great many to see San Francisco, Southern California and all of the other attractions that the Pacific States have to offer.

"Without the extra inducement of the greatest world's fair in history, these people are coming. Everybody in the East feels that California should be seen at least once, and many would take advantage of the 1915 exposition to do so.

"So far as can be learned there is no great rush of colonists or tourists to New Orleans, and it is a safe prediction that the travel in that direction will not rise above the normal business at any time in the coming winter.

"It is not so with California. Hundreds are striving and saving and planning to reach the Golden West, if only for a brief, but delightful, visit.

"The most frequent remark of arrivals from the East is, 'I'm glad I'm here. I have always wanted, to see California.' It cannot be otherwise."

### CAN WELL AFFORD TAX.

**Exposition Would Bring Millions of Dollars to Southern California.**

The Pasadena News endorses the proposition to tax the State for $5,000,000 in aid of the Panama Exposition in the following editorial:

"The San Francisco Panama Exposition is to be financed partly by a private subscription of $7,500,000 from the people of San Francisco, supplemented by a bonding of the city of San Francisco for $5,000,000 more, and a State tax to be shouldered by the people of the entire State for an additional $5,000,000.

"In November it will be up to the people of California to vote this $5,000,000 as a basis for securing the necessary Federal aid to make the exposition a success. The News is of the opinion that the State cannot afford to withhold the appropriation. In the aggregate it is a large sum. The burden to each individual taxpayer is comparatively small. If the government backs the project it is going to bring hundreds of thousands of visitors to this State, and these visitors are going to see Southern California. They are going to spend millions here. The resulting impetus to business generally and the demand for California real estate, and particularly Southern California homes is going to benefit every line of business and the owner of real estate in the added demand and stiffening of prices.

"The San Francisco exposition is of State-wide interest. Its benefits are certain. The appropriation should carry."

When the investors behind the Kuhn project—to select an isolated instance—decided to bring their Eastern capital out West and develop California lands by irrigation, they had to hunt, and hunt hard, for a suitable place in which to begin work. Yet these people actually wanted to throw money into this State, increase our tax collections by hundreds of thousands of dollars. Now the Panama-Pacific Exposition will advertise all California, and show to waiting capital all over the country and the world the way to the multitude of opportunities this State has. Vote for Senate Constitutional Amendment No. 52 and Assembly Constitutional Amendment. No. 33.

### ARIZONA FOR SAN FRANCISCO.

California is after the Panama Exposition, and now that San Diego has abandoned her ambitions in favor of San Francisco, there is good prospect of winning the prize. The State Legislature, in special session, proposes to submit to the voters a proposition to issue $5,000,000 in bonds in aid of the enterprise. Arizona, in common with the other States and Territories generally, is interested in seeing that the big fair goes to San Francisco rather than to New Orleans.—Wickenburg (Ariz.) Miner.

The exposition in honor of the completion of the Panama canal will cause an immediate investment of fifty million dollars in this State. Money disbursed for labor and materials will directly benefit the farmers and artisans of California. Senate Constitutional Amendment No. 52 and Assembly Constitutional Amendment No. 33 are in support of the exposition. Vote for these amendments.

### PRICE NOT TOO BIG.

San Francisco has decided to outbid all competitors for the Panama Exposition in 1915. In addition to a State bond issue for $5,000,000 it is proposed that the city shall raise the same amount. Ten million is a big price to pay for a show, but Californians do not regard it policy to let a good thing go by on account of cost. The Panama canal will do more for the Pacific Coast than any commercial launched since the rush of '49 to the Golden State.—Buckley (Wash.) Banner.
